

New Patients

Welcome to our practice! At Ozarks Family Vision Centre we love new patients and we want your first experience to be smooth and enjoyable. Below you will find a checklist for your first visit. Please feel free to print this checklist to prepare for your appointment.

Please print the "Welcome" form and fill out each section as accurately as possible. This contains important diagnostic information for the doctors and staff so that your visit will be very thorough and efficient.

Health Insurance vs. Vision Insurance

There are two types of insurance that are accepted at our clinic: Health Insurance and Vision Insurance. As a general rule, if you are having a medical problem (conjunctivitis, retinal detachment, dry eye syndrome) with your eye, this would be billed to your health insurance. If you are coming in for a routine eye exam, this would be billed to your vision insurance.

Vision Insurance

We are providers for the following vision carriers:

- Vision Service Plans
- Vision Care Direct
- Advantica
-

Health Insurance

We are in-network with Medicare, Medicaid, and most major health insurance plans.

We look forward to your visit with us!
